Contact number

SIP endpoint reference

Ethernet reference (CESxxxxxxxx)

Number of associated DDI ranges

Premises

Street/thoroughfare

Town/locality

Postcode

Instructions:

This order form is submitted to your O₂ account team.

All customer request forms are available at www.o2.co.uk/business/sip-trunking

This order form is for an existing SIP Trunking customer to novate their service to O₂

The following information will be required to complete this CRF.

1. The SIP endpoint reference of the novated service, if available
2. All DDI numbers associated with the SIP Trunking novation are to be submitted, missing ranges will cause an order acceptance failure.

Notes:

1. Ethernet circuits or SIP Trunking channels that are still in-contract at the time of novation to O₂ can incur charges from their existing SIP Trunking provider.
2. Ethernet circuits and SIP Trunking channels that are out of contract should not incur charges from their existing SIP Trunking provider.
3. Please check with your existing SIP Trunking provider to confirm any additional cost of novation.
4. This order form supports the submission of 100 DDI ranges, additional ranges can be submitted by excel spreadsheet if required.
