Getting tough on Crime

At O₂ we're committed to working closely with the Police to ensure that mobile phone thieves can't benefit from their crimes.

Blocking stolen phones

You'll be relieved to hear that if you're ever unlucky enough to be parted from your mobile phone, we have the technology to stop your phone from being operable across all mobile networks. This is done by blocking the phone's IMEI number (this is a 15-digit number which is unique to your phone and identifies it from all the others in the world – it stands for International Mobile Equipment Identity) which effectively renders it useless.
